

Study Resources-Applying Truth

The Case for Christ

Lee Strobel & Garry Poole. This is a six session investigation of the evidence of Jesus. This study is based off of the popular book. In this DVD study you will follow Strobel on a quest for the truth about Jesus. In the end, you may very well see Jesus in a compelling new way - and, like Strobel, find your life transformed.

The Case for a Creator

Lee Strobel & Garry Poole. This is another six session investigation into the proof of the existence of a creator. Follow Lee Strobel on his quest to search for the hard evidence that there is indeed a creator.

Mirror Image

Each emotionally charged episode presents a story of everyday characters with real problems - struggles that mirror the same ones found in stories of the Bible. Based on some of the most famous biblical parables, such as the Good Samaritan and the Prodigal Son, Mirror Image tells the story of a family who faces dramatic events and must choose how to respond. Their story reminds us that Jesus' revolutionary teachings ask us to change the way we think - to look at things from a different perspective - in order to make a difference in this world. This study helps you to discover that God's word is as true today as when it was written.
